Principal's Report

- Principal Mike Hurley presented his report.

Committee Reports

DPAC: Naama is no longer our rep. It would be helpful if we had a rep for WEG, meetings can be streamed from home (on a Thursday).

Discussion

Heater suggested the breakfast program offer boiled eggs & fruit.

We will eventually need a new fridge & stove.

Naama mentioned there are lids sold for the grey food bins we have that can be bought at the Wholesale Club.

Dayna is working with the village to upgrade the Kiddy park. She will be at the village meeting on Monday at 7pm, all are welcome. It is possible that the school district can act as an umbrella for the funds.

Danielle has some fundraising ideas: clothing swap, chocolate bars. Also suggested by other members were BBQ, garage sale and seedlings/starts. We could do a fundraiser as such in April. Discuss at March meeting.

Heather brought up the mess in the kitchen. She has spent a lot of time over the years coming in & cleaning to make it food safe to cook in. She has less time now to do this & we are hoping the teachers & students can do their part in helping out. Rotational clean-up? Mike will discuss with the teachers.

Next Meeting
